

## Supporting 125 years of the CPSU

Maurice Blackburn is proud of its association with the CPSU and its members and congratulates the union on its 125th anniversary. Together we have a long history of fighting for the rights of union members. For many years we have stood together to protect the industrial and legal rights of members within the workplace.

Maurice Blackburn's expertise in WorkCover claims is well known, however we also have expert lawyers that can assist members in a variety of other areas including claims for road accident injuries, asbestos diseases and medical negligence. We also have the largest and most successful plaintiff superannuation and insurance practice in Australia specialising in superannuation disability claims, death benefit claims and income protection insurance claims and appeals.

Our aim is to achieve the best possible outcome for union members. If you need the assistance of an expert lawyer contact the CPSU for a referral to Maurice Blackburn.

The CPSU and Maurice Blackburn have a proud association and we hope that union members can take advantage of the benefits of this strong working relationship.
